3 Patient declaration

Tick each box

I, the patient identified above, **DECLARE** that:

☐ **1** I was informed about the treatment, its alternatives and its limitations, and I was able to ask all my questions, which were answered.

☐ **2** I have seen and assessed the result in my mouth, with a mirror and in daylight, before final placement where the treatment allows, and I had the opportunity to request any changes I considered appropriate.

☐ **3** I am **satisfied with and accept the aesthetic result** (colour, shape, size, position and overall appearance) **and the functional result** (bite, comfort and speech).

☐ **4** I understand that colour and translucency may vary slightly with lighting and compared with natural teeth, and that whitening is not permanent and does not change the colour of fillings, crowns or veneers. Removable dentures need a period of adaptation and, over time, adjustments or relines as the gums and bone naturally change.

☐ **5** I have received hygiene and maintenance instructions. I understand that how long the treatment lasts depends on my oral hygiene, attending regular check-ups, my habits (teeth grinding, biting hard objects, smoking, knocks) and wearing a night guard if one has been prescribed.

☐ **6** Any aesthetic change I request in the future for personal preference — and not because of a defect in the work — will be quoted as a new treatment.

☐ **7** This declaration records my satisfaction with the result and does not affect my statutory rights.
